JAGDISH[®] POWER SUGARCANE CRUSHER

SHREE VISHWAKARMA ENGINEERING WORKS

ABOUT US :

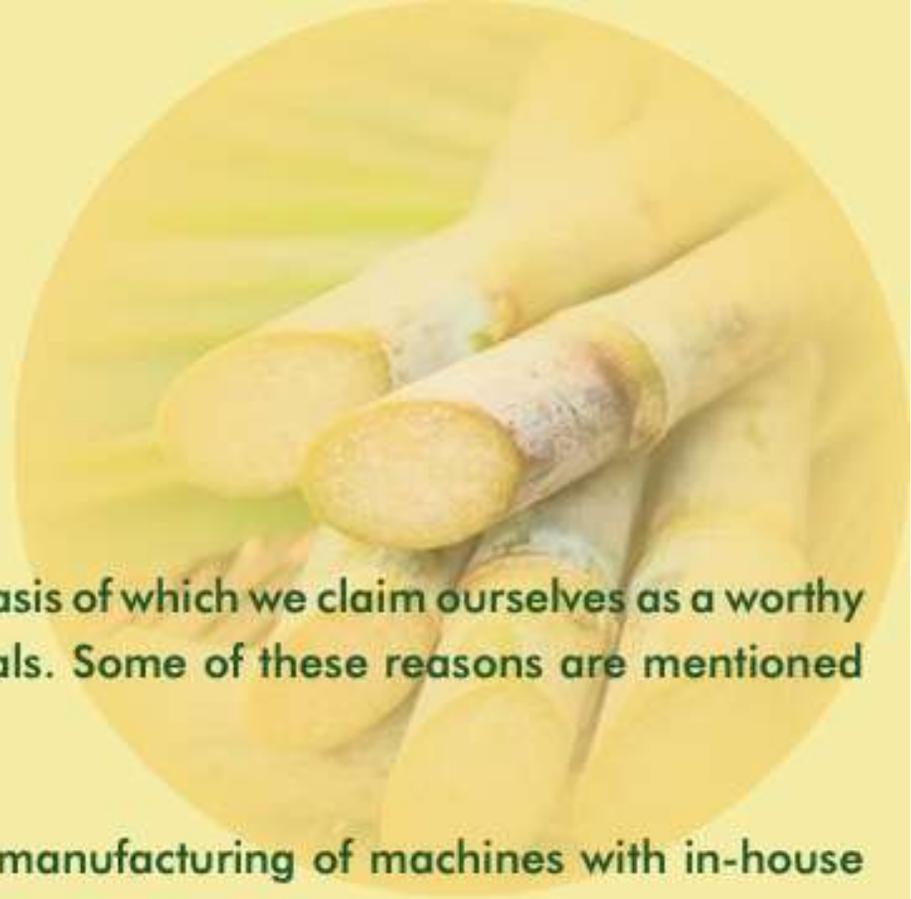

On the basis of innovation, excellence and quality, SHREE VISHWAKARMA ENGINEERING WORKS, have been able to emerge as a trustworthy manufacturer and supplier. Our products are also exported to other countries and are rated excellent by global customers, which is why we are considered a reliable exporter. The collection that we have for selling purposes includes Manual Sugarcane Crusher Machine, MS Sugarcane Crusher Machine, Heavy Duty Sugarcane Crusher Machine, etc. All our machines are unified with impressive features, are easy to handle, and are efficient enough to reduce the work pressure of our customers. Further, our offerings are long-lasting and require low maintenance because of which many customers prefer buying products from us.

All the units in our premise are integrated with the modern facilities so that professionals can work with ease and meet even the tight deadlines. Apart from this, we keep an eye on the market changes so that we may not lag behind in the race of competition. Our working philosophy is appreciated by countless clients, globally. In fact, they are so impressed with us that a majority of them have become our loyal associates.

WHY US?

There are many reasons on the basis of which we claim ourselves as a worthy destination to have business deals. Some of these reasons are mentioned below:

- Experience of 60+ years into manufacturing of machines with in-house production facilities. "We make our own parts"
- The components used in making our products are robust and enable us to deliver a quality range
- We test our produced range on various parameters before dispatching products, which is why we can deliver products with the assurance of quality
- Our products are designed and manufactured by experts who are innovative, skilled and highly knowledgeable
- Fair rate is charged by us for our products which fits the customers budget and surpasses their expectations.

FEATURES:

- Graded casting rollers for better life
- V-Groove rollers for better juice extraction
- Sealed taper roller bearing in gear box
- Totally enclosed self lubricated gears
- Completely machined gear box for better alignments, long life
- Low friction, low power requirement

AS PER OUR EXPERIMENT, JUICE EXTRACTION IS HIGHEST AT 10 RPM ROLLER SPEED

OUR MACHINES :

JAGDISH NO. 3

JAGDISH NO. 4

JAGDISH NO. 5

JAGDISH NO. 5 [HS]

JAGDISH NO. 5 [HSF]

JAGDISH NO. 5 [HD]

JAGDISH NO. 3

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 6.5"
- PULLEY - 30"
- PULLEY SPEED - 225 RPM
- ROLLER SPEED - 10 RPM
- MOTOR - 5 HP
- ENGINE - 6 HP
- CRUSHING CAPACITY - 500 - 700 kg/hr

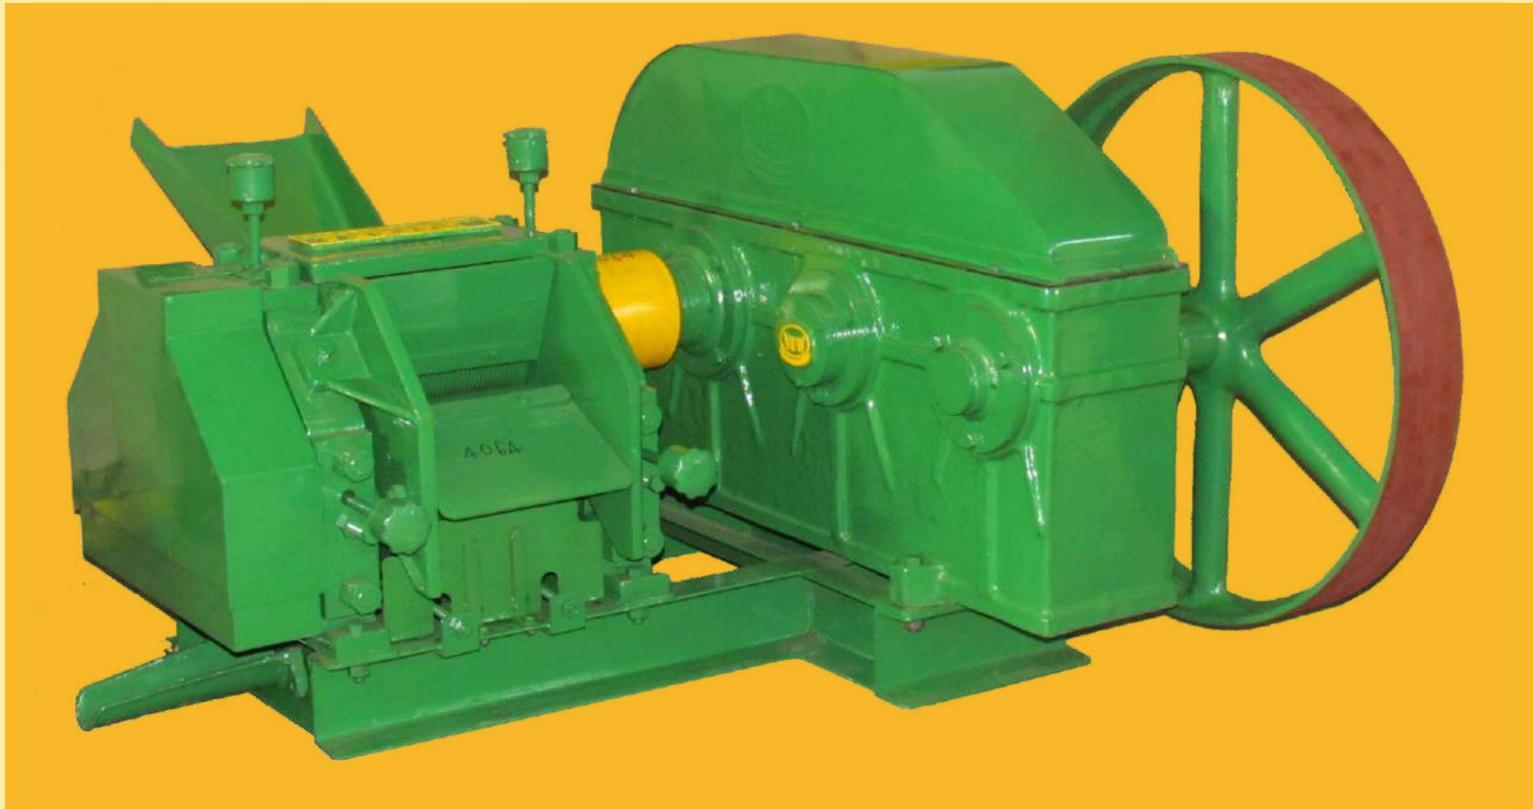

JAGDISH NO. 4

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 8.5"
- PULLEY - 30"
- PULLEY SPEED - 225 RPM
- ROLLER SPEED - 10 RPM
- MOTOR - 7.5 HP
- ENGINE - 10 HP
- CRUSHING CAPACITY - 700 - 1000 kg/hr

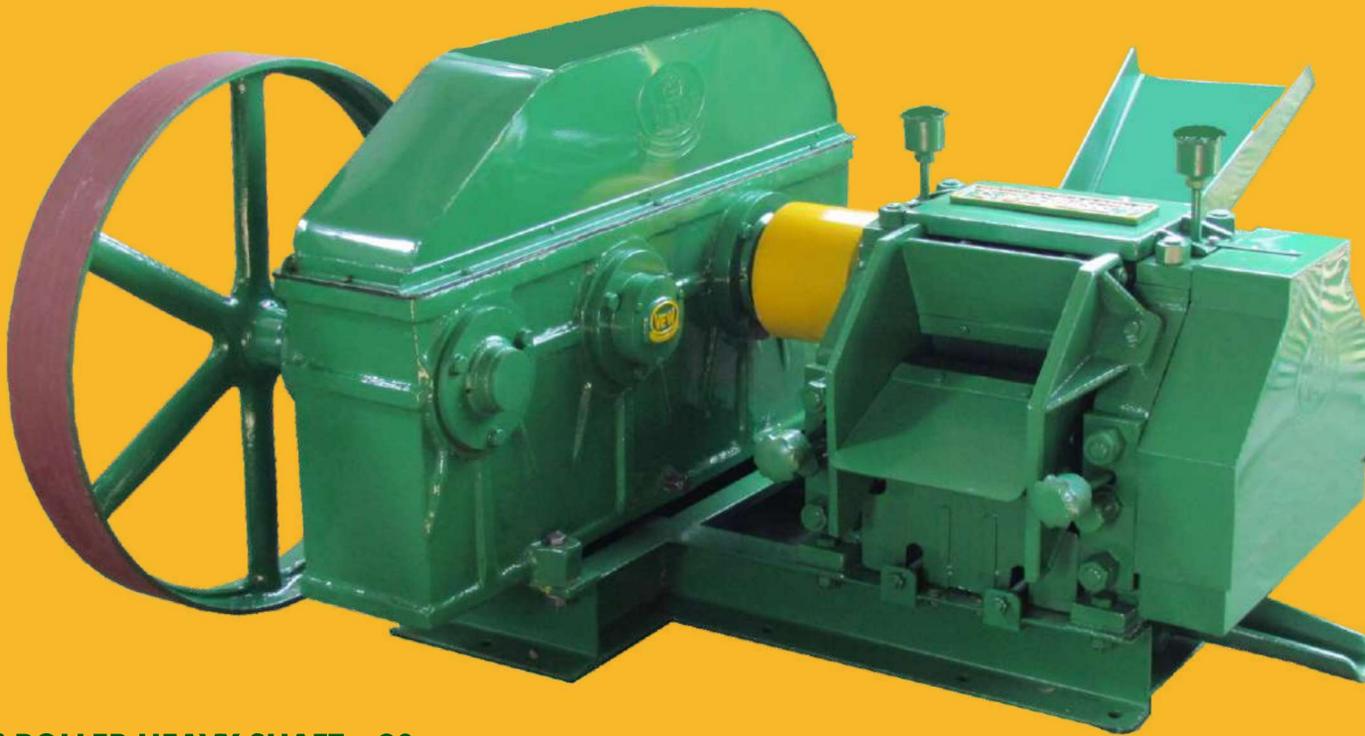

JAGDISH NO. 5

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 10.5"
- PULLEY - 30"
- PULLEY SPEED - 225 RPM
- ROLLER SPEED - 10 RPM
- MOTOR - 10 HP
- ENGINE - 12 HP
- CRUSHING CAPACITY - 1000 - 1300 kg/hr

JAGDISH NO. 5 [HS]

A/C ROLLER HEAVY SHAFT - 90mm

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 10.5"
- PULLEY - 30"
- PULLEY SPEED - 200 RPM
- ROLLER SPEED - 8 RPM
- MOTOR - 12 HP
- ENGINE - 16 HP
- CRUSHING CAPACITY - 1000 - 1400 kg/hr

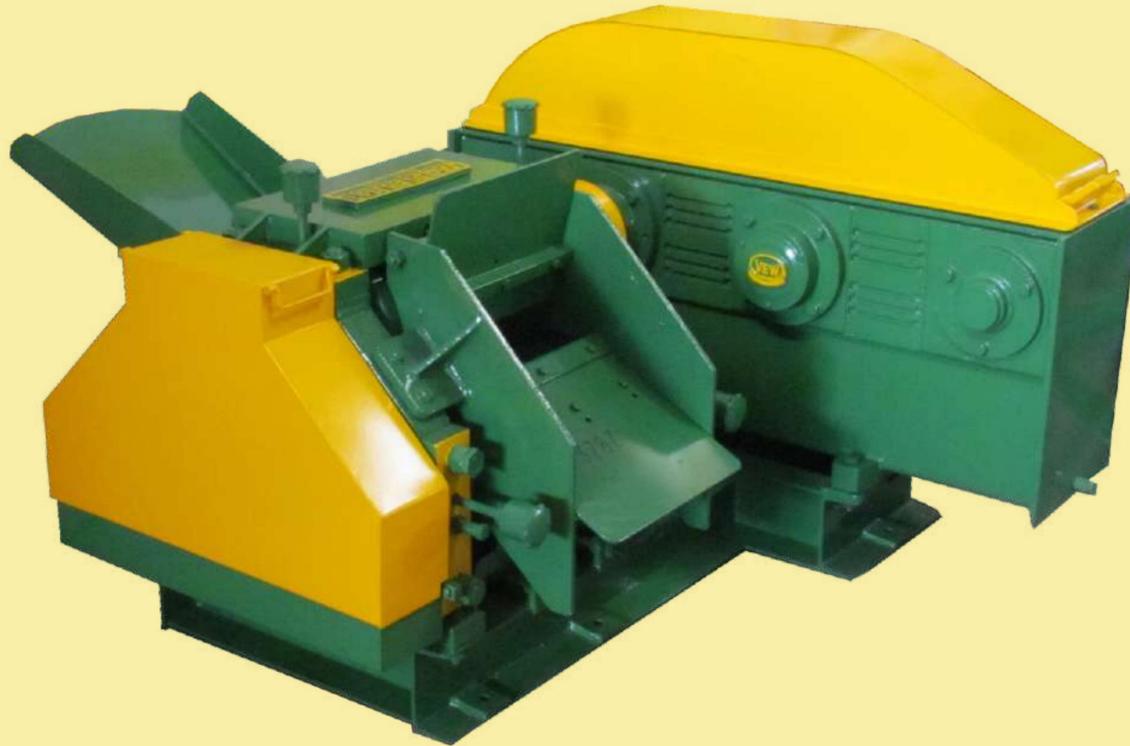

C - ROLLER HEAVY G.M. BUSH

A - ROLLER HEAVY G.M. BUSH

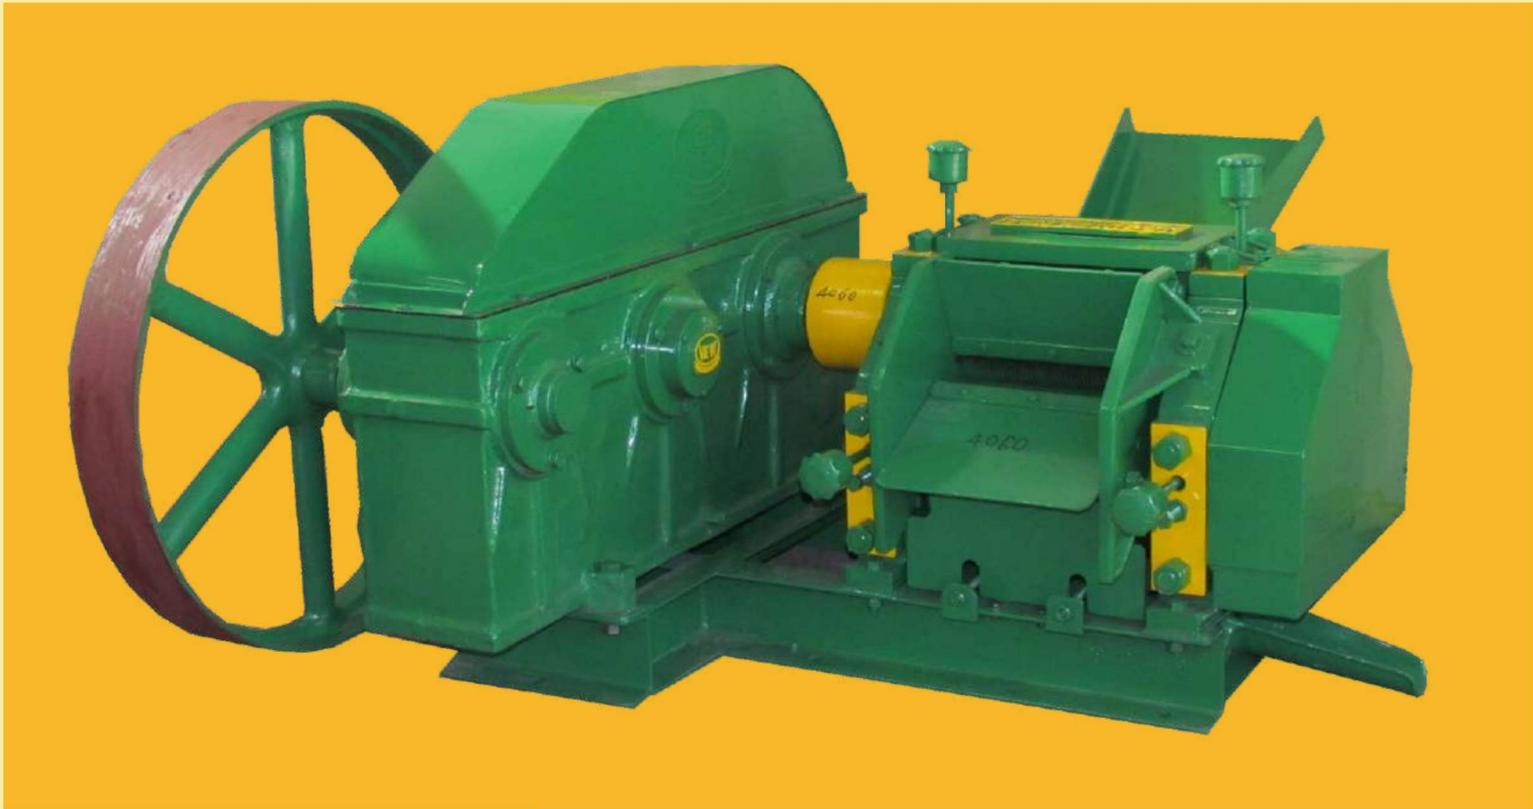

JAGDISH NO. 5 [HD]

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 10.5" x 10.5"
- PULLEY - 30"
- PULLEY SPEED - 200 RPM
- ROLLER SPEED - 8 RPM
- MOTOR - 12.5 HP
- ENGINE - 16 HP
- CRUSHING CAPACITY - 1200 - 1600 kg/hr

JAGDISH NO. 6

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 12"
- PULLEY - 30"
- PULLEY SPEED - 225 RPM
- ROLLER SPEED - 10 RPM
- MOTOR - 12 HP
- ENGINE - 16 HP
- CRUSHING CAPACITY - 1300 - 1600 kg/hr

JAGDISH NO. 6 [HS]

A/C ROLLER HEAVY SHAFT - 90mm

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 8.25" x 12"
- PULLEY - 30"
- PULLEY SPEED - 200 RPM
- ROLLER SPEED - 8 RPM
- MOTOR - 15 HP
- ENGINE - 18 HP
- CRUSHING CAPACITY - 1300 - 1700 kg/hr

C - ROLLER HEAVY G.M. BUSH

A - ROLLER HEAVY G.M. BUSH

JAGDISH NO. 6 [HD]

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 10.5" x 12"
- PULLEY - 30"
- PULLEY SPEED - 200 RPM
- ROLLER SPEED - 8 RPM
- MOTOR - 20 HP
- ENGINE - 20 HP
- CRUSHING CAPACITY - 1500 - 1900 kg/hr

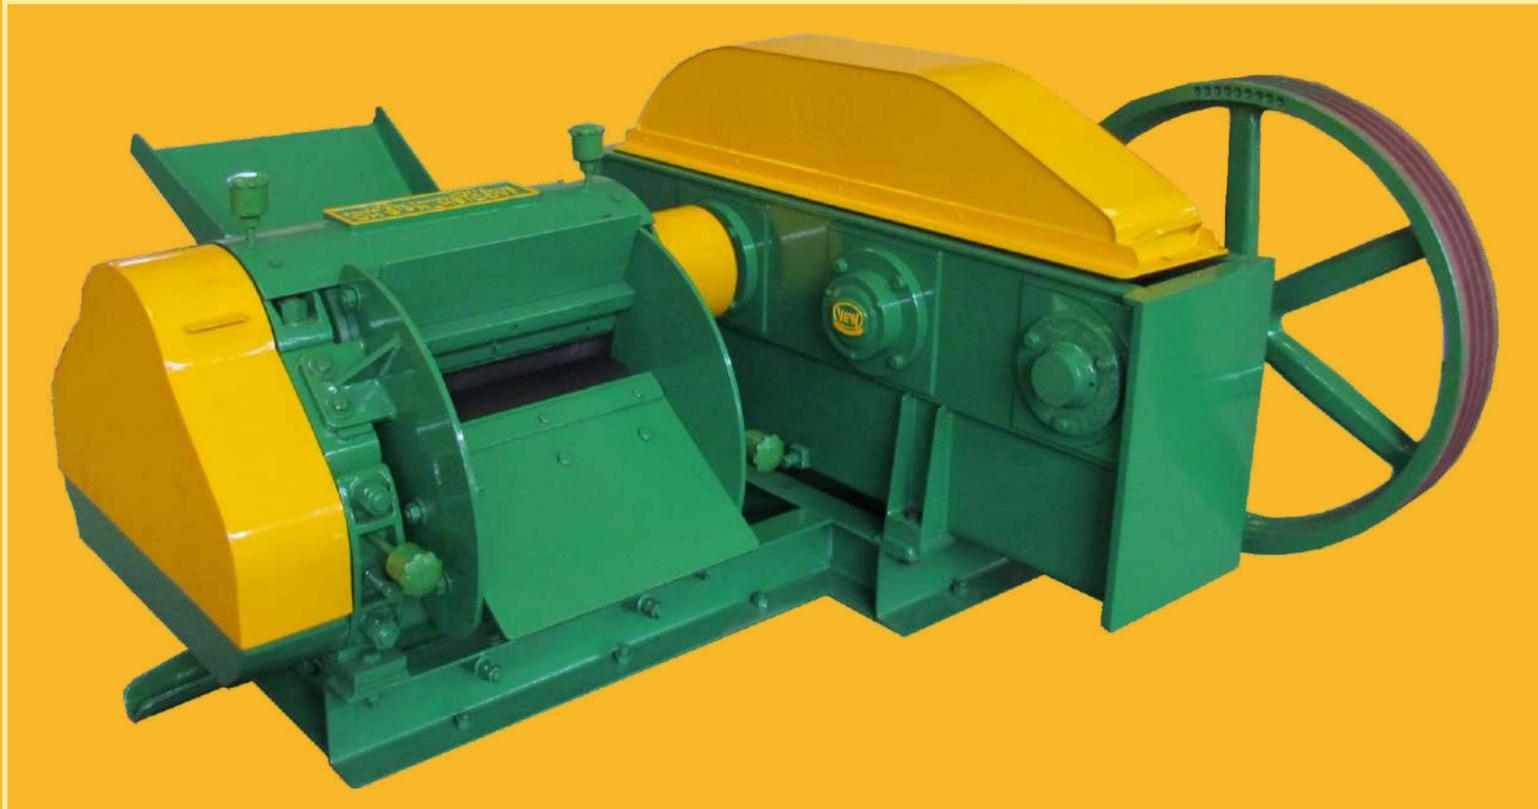

JAGDISH NO. 7 [HD]

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 10.5" x 14"
- PULLEY - 30"
- PULLEY SPEED - 200 RPM
- ROLLER SPEED - 8 RPM
- MOTOR - 20 HP
- ENGINE - 25 HP
- CRUSHING CAPACITY - 1900 - 2300 kg/hr

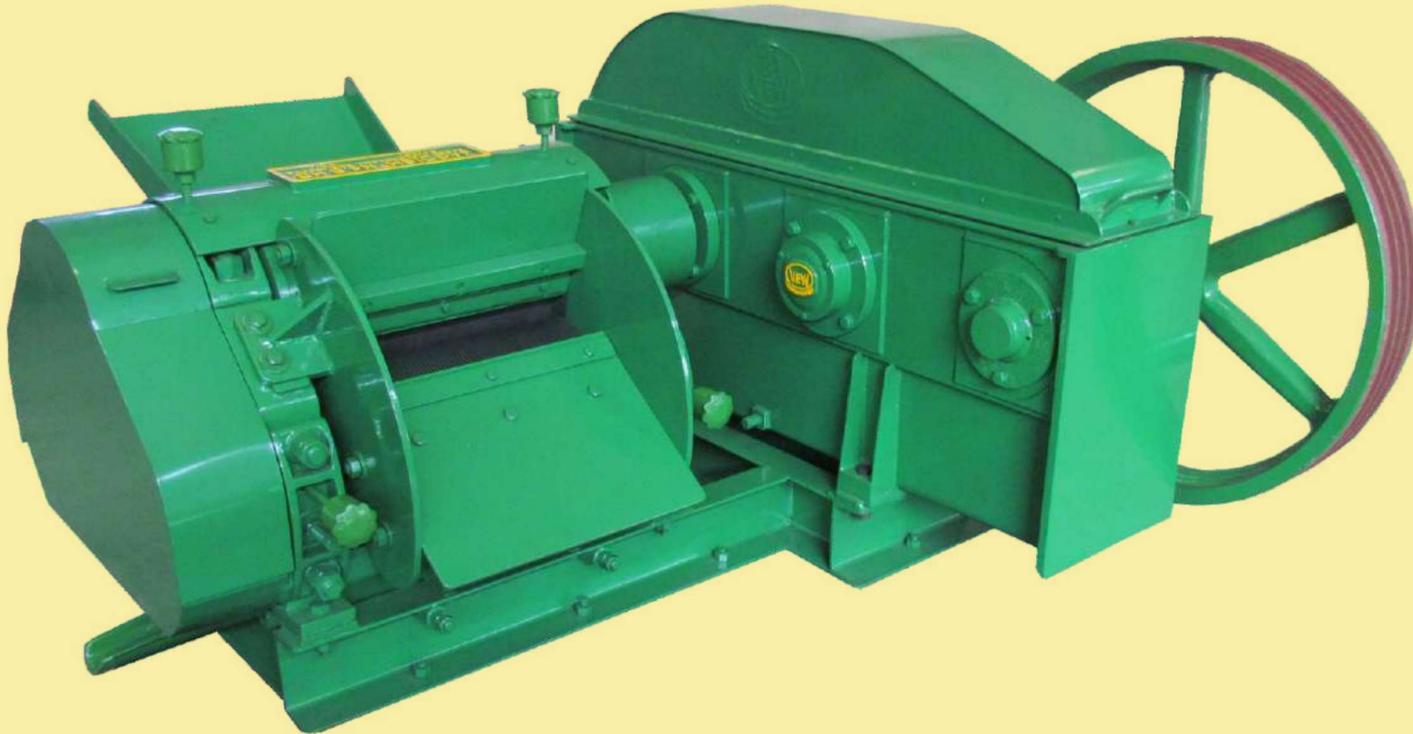

JAGDISH NO. 8 [HD]

TECHNICAL SPECIFICATIONS :

- ROLLER D x L - 10.5" x 16"
